

Four More Y-12ers Are Among June Graduates At Tennessee

More degrees were earned by illustrious Y-12ers June 2 in graduation exercises at the University of Tennessee. Roy L. Huddleston, John W. Pridgeon and Richard T. Bell all took advanced degrees, and Paul E. Andrews earned his bachelor's degree in industrial engineering.

Richard T. Bell

Richard T. Bell came to Y-12 August 31, 1953. A native of Morristown, he received his bachelor of science degree from Carson-Newman College. He is in Physical Testing Department in the Production Certification Division.

Married to the former Margaret Goss, Bell lives with his family at 7100 Hampshire Drive, Knoxville.

John W. Pridgeon, Metallurgical Development, received his MS in metallurgy also June 2. Pridgeon came to Y-12 August 18, 1958, after receiving his BS degree from Michigan State University.

A native of Montgomery, Michigan, he is married to the former Nancy Ruth Atkinson. They live at 111 Cumberland View Drive, Oak Ridge.

Roy L. Huddleston, a native of Crossville, came to Y-12 June 15, 1959 after he received his bachelor of science degree in mechanical engineering. He is in Mechanical Development, in the Development Division.

Last summer he married the former Charlotte McClung Thomas, also from Crossville. They live at Route 17, Knoxville. Huddleston's MS degree is in mechanical engineering also.

Also taking a degree at UT's graduating exercises is Paul E. Andrews, Production Control in the Mechanical Operations Division. Andrews gained his BS degree in industrial engineering. He had previously attended Northeastern University, Boston; and Baylor, Waco, Texas.

A veteran of the United States Air Force, Andrews came to Y-12 January 12, 1959. He is married to the former Marion Duggan, and they live at 8 Blackberry Circle, Knoxville.

All three advanced degrees and the bachelor sheepskin were earned through the Carbide Educational Assistance Program. All four Y-12ers agree in wholehearted support of the assistance program. "It's the greatest!" one exclaimed last week.

UCC Long Active In Nuclear Energy

Woven into Union Carbide Corporation's history is much of the early development of nuclear energy in this country. Union Carbide pioneered in the mining and refining of uranium ores on the Colorado Plateau. It was also one of the first companies to become active in the government's atomic energy program. To integrate the Corporation's diverse activities in this field, Union Carbide Nuclear Company was formed in 1955.

Electricity Now 'Floods' East Tennessee Farms

Only three out of a hundred farms in this area had electricity in 1933. Now, thanks to the Tennessee Valley Authority, nearly 98 per cent of the farm population of the eastern part of Tennessee is served by the modern servant, electricity.

Diana Drumwright

Drumwright Daughter Gets Chemical Grant Will Attend Session At Reed College

Diana Drumwright, daughter of Roland Y. Drumwright, in the H-2 Shop of Mechanical Operations, has recently been awarded a grant to attend an eight weeks institute in inorganic chemistry at Reed College, Portland, Oregon, this summer. Diana, a chemistry major at Mount Mercy College, Pittsburgh, is one of only 20 chemistry majors who have been chosen throughout the United States to attend.

At the Honors Convocation held recently at Mount Mercy College, Diana was tapped for membership in the national Catholic honor society, Delta Epsilon Sigma, and also the Senior Honor Court. She has been a Deans List student for her three years in school.

Miss Drumwright was recently honored by her college, being elected secretary of the senior class and vice president of the Chemical Club, a student affiliate of the American Chemical Society.

The Drumwrights live at 4920 Jonquil Lane, Knoxville.

QUICK AND DEAD

According to the National Safety Council, speed accounts for most of the fatal accidents on the nation's highways.

Berrier, Duckworth And Freels Promoted To Foremen In Y-12 Effective June 1st

Three promotions were made effective in Y-12, June 1. Bobbie R. Berrier, former machinist in Machine Maintenance, was elevated to a machining foreman in Production Machining. Chad Lee Duckworth and Orville M. Freels were made foremen in Production Inspection.

Berrier, a native of Knoxville, came to Y-12 August 3, 1959. He had attended South Knoxville Junior High, Knox High, and Young High, and had worked as a machinist with the Ty-Sa-Man Machining Company, Knoxville. A veteran of the United States Navy, he had also worked with the Tennessee Coach Company, Rust Engineering, and the Tennessee Armature and Electric Company.

He is married to the former Charlotte Pratt, and they live at Route 2, Powell.

Chad Duckworth is a native of Murphy, North Carolina. He attended the Polk County High School, and the University of Chattanooga. A veteran of the United States Air Force, Duckworth came to Y-12 April 3, 1961. He formerly worked with the Moccasin Bushing Company, Chattanooga . . . and lives at 111 Howard Lane, Oak Ridge.

Orville M. Freels was born in Wheat, Tennessee (on what is now Atomic Energy Commission property at Oak Ridge Gaseous Diffusion Plant). He graduated from Wheat High School, and attended the University of Tennessee. Formerly with the Holston Purina Company, Knoxville; the Wright Aero Corporation, Cincinnati; and the Reigel Textile Company, Trion, Georgia, Freels came to Y-12 January 22, 1951.

Married to the former Henrietta Woods, Freels lives at 3834 Maupin Drive, Knoxville.

Berrier

Duckworth

Tallant Rites Held June 2

Funeral services were held at 2 p.m., Sunday, June 2, for Robert L. Tallant, formerly in Beta Two. He died Wednesday, May 29, at the Jefferson City Memorial Hospital, Jefferson City.

R. L. Tallant

Mr. Tallant, a native of Jasper, Alabama, came to Y-12 December 27, 1949. He had previously been with Tennessee Eastman, Southern Watch Institute, Health Way Milk Co., Trico Coffee Company and the Snow White Laundry, Jasper.

He is survived by his wife, Mrs. Yonnie Drummond Tallant, two daughters Carol Lynn Tallant, Robin Tallant, and son Larry M. Tallant, all of 423 Robertsville Road, Oak Ridge; his mother, Mrs. L. L. Tallant, Jasper; sisters, Mrs. Eva Runge, Joy Lane, Burchfield Heights; Mrs. Louise Burgess, Karns; and Mrs. Florence Lockhart and Ella Barantane, both of Alabama.

Mr. Tallant was a veteran of the United States Army, having served from 1943 through 1946.

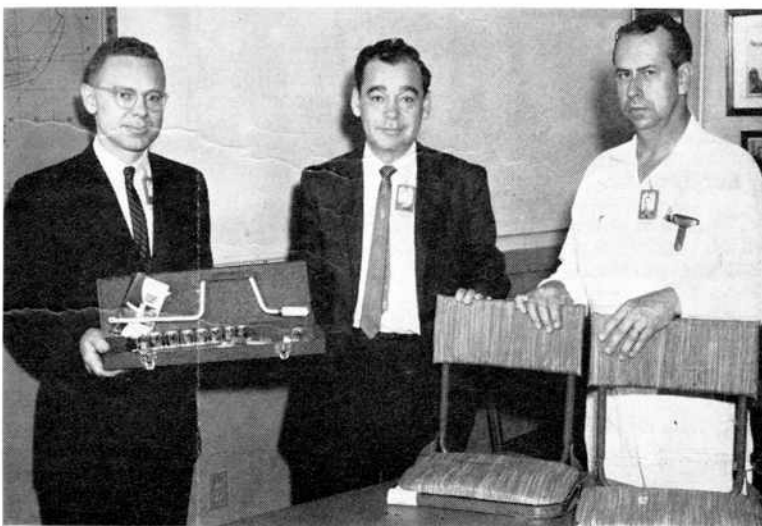

Sincere sympathy is extended to his family.

LOST STATE

Tennessee was once the State of Franklin. Through a misunderstanding with the mother-state of North Carolina, however, the founding state died a-borning.

ENGAGEMENTS

Miss Carolyn Sue Shultz
SHULTZ-WINTERS

Mr. and Mrs. Samuel T. Shultz, Sherwood Road, Route 2, Powell, announce the engagement of their daughter, Miss Carolyn Sue Shultz, to Airman Third Class Marvin Lewis Winters, son of Mr. and Mrs. Harold B. Smith, Clinton, Route 4. The bride-to-be's father is in the General Machine Shop.

The bride-elect is a 1963 graduate of Clinton High School where she served for two years as a drummer in the Marching Band, and played other instruments in the Concert Band. Her other school activities included membership in the Dramatics Club, Pep Club, Science Club and the Future Homemakers' Association of 1962.

Airman Winters was graduated from Clinton High School in the class of 1962 and is stationed at Grand Forks Air Force Base, North Dakota.

A late July wedding is planned.

Organic Chemicals Serve Most All Of Industry

More than 400 synthetic organic chemicals are produced by Union Carbide Chemicals Company, a division of Union Carbide Corporation. Every major branch of industry is a large consumer of these products. Among the products sold by the Chemicals Company are solvents and latexes for surface coatings; ethylene oxide derivatives for detergents and anti-freeze; intermediates for plastics; chemicals for synthetic fibers and pharmaceuticals; chemicals for rigid and flexible prethane foams; food preservatives; agricultural and automotive chemicals; chemicals for the paper industry; refrigerants and aerosol propellants; and synthetic textile fibers.

An executive in New York had to make a hurried trip to Great Britain. After he left, an associate telephoned long distance. The secretary asked if he would speak with anyone else since the boss was in the United Kingdom.

"That's terrible," the caller said, after a long pause. "Is it too late to send flowers?"

News in Y-12 begins in

ENGINEERING

Tool Engineering tells that the Ed Palmers are cruising the Bahamas with two more couples. The party chartered a 54 ft. ketch and plan a two-week sea-going holiday. Point of embarkation was Dinner Key, Florida.

Vacationing recently was Henry Cunningham, whose mother from Alabama is visiting. He decided to show her the pretty sights of Tennessee . . . Paul Boyer, another vacationer, enjoyed a stay from his Pennsylvania parents . . . Helen Long vacationed at home, enjoying a visit from relatives from Florida.

Mildred Lister's daughter Lane and family are visiting from Florida for three weeks . . . giving Mildred a much welcomed chance to spoil her new grandson.

Don Stinnett is off for a two-week holiday!!? . . . Compliments of Uncle Sam.

The Welcome mat is out again for several new employees to the department . . . Bob Hansard (Knoxville); Bob Crowder, II (Kingston); and Avery Petty (Lenoir City) all in 9723-15 . . . and Ted Burger (Cherokee County) located in 9204-4. Phi McGuire is welcomed to Beta Four from Tape Control.

A belated birth announcement, but a happy one just the same . . . Mr. and Mrs. Burl D. Chambers announce the arrival of Burl D. Chambers, Jr., May 19, at Ft. Sanders Presbyterian Hospital. Weight was seven pounds, 13 and one-half ounces. Mother, father, and baby all doing well.

Life reminds us of a game of tennis. He who serves best seldom loses.

INDUSTRIAL RELATIONS

The Fire and Guard Department welcomes back W. H. Hall after a siege . . . Get well wishes are sent to R. L. Johnson, ill in Presbyterian Hospital.

Deepest sympathy is extended to E. R. Johnson, whose brother passed away in the U.S. Navy in Washington recently . . . and to A. J. Jeffers whose uncle died in Hazard, Kentucky.

Security sends get well wishes to Ann Rackley.

"His after-dinner speech was superb. All he said was, 'Let me pay the check!'"

SPECIAL PROJECTS

Best wishes for a speedy recovery are sent to Grady Bennett, who is recuperating at home . . . Also to Jim Kennedy who spent a few days in the hospital and who, it's hoped, will be back hale and hearty by this printing.

Jeanne Cothron was called to Topeka, Kansas, due to the illness of her brother.

Conceit is the strange malady which makes everyone sick except the person who has it.

MAINTENANCE

Electrical emphasizes news that B. L. Grogan plans to meander up to Kaintuck and over the ridge a piece to North Carolina for a visit with folks . . . W. S. Caruthers visited his mother in West Tennessee, and took along his "ole fishin' pole" just in case the fish were bitin'.

Vacationing with his family, C. W. Davidson took in the east coast of Florida. He hoped to do some fishing, too.

A very relaxing vacation was enjoyed by V. T. Callaway, cleaning, painting, mending, mowing

the lawn, and other "little" jobs around his newly purchased home . . . Now J. R. Johnson says he is going to really take it easy and just putter around home.

Get well wishes to H. R. Bailey and W. N. Reed.

T. J. Messer is trying his luck with fish in Flint, Michigan. Hope they're biting up north.

TECHNICAL

Scott Hunter Creigh

After four girls, Betty and Rod Creigh finally have a son! Scott Hunter Creigh arrived May 29 at Ft. Sanders Presbyterian Hospital, Knoxville, weighing seven pounds, 15 ounces. Proud (and many times over) grandpops, of course, is S. F. Creigh, Shift Superintendents. Rod is in Process Analysis.

"Before we married he kept telling me he wasn't good enough for me. Now he keeps trying to prove it," lamented a girl in the lobby the other day.

FINANCE AND MATERIALS

The welcome mat is out for Frank Pugh, who is working in Microreproduction and Engineering Services during the summer months . . . Also J. M. McMaster from that department was busy last week-end with the wedding of daughter Nancy.

Timekeeping reports that R. E. Hale vacationed at home.

Plant Records also welcomes in Pat Jackson for the summer months.

He wears the pants in the family, even if they are behind his wife's apron.

MECHANICAL OPERATIONS

Production Machining, M-Wing, tells that D. T. Cook vacationed recently at home on Carroll Hollow Road, Clinton. Reports no sick cows, just home repairs! . . . A. R. Agee relaxed in the sun and surf with his family at Daytona Beach, Florida . . . D. A. Bryant visited in Gadsden, Alabama, visiting his family, his wife's family . . . and anyone else his wife decides on . . . G. A. Grider visited on Douglas Lake and around home in Oak Ridge on vacation, enjoying his brother's visit from Beaumont, Texas.

Vacationing at home recently was J. H. Metcalf, who decided to install a furnace in his home at 118 Tucker Road.

The A-2 Shop, 9212, reports E. F. Johnson vacationing at home, working on the house . . . (On, man, not in!) . . . B. T. Burress is spending a week in Pensacola, Florida. It's hoped it didn't rain this time. He says it has rained

Continued on Page 4

THE BRONZE AND WALNUT PLAQUE recently presented Louis Doney reads "in sincere appreciation and recognition of distinguished service, loyalty and devotion to the objects and furtherance of Lionism." Doney received the plaque for outstanding performance of his office of president in the Karns Lions for 1962-63 for District 12-N of Region 11.

Doney Receives 'Lion's Share' Of Honors; Is Now Best Prexy!

In 1961, Louis M. Doney, Y-12's Ceramics and Plastics Development, was chosen as the outstanding Lions Club secretary in Lions District 12-N. The district covers a total of 47 Lions Clubs throughout this section. Now, the same section has voted him the outstanding president for 1962!

Honors rest easy on the Doney shoulders. It was in April of this year that he was named to the Advisory Board of the Ceramic Engineering Department at the University of Illinois.

High among the achievements of the Karns Lions Club is the support of the aid to the blind program. Many children throughout the section have been provided glasses. Financial aid also has been rendered the Oak Ridge Recording for the Blind drive . . . a pet project of the Oak Ridge Lions Club.

The Lillian A. Pedigo School, West Haven, receives support from the Karns Lions. The handsome athletic field at Karns High School was developed with the enthusiastic support of the local Lions there.

An alumnus of the University of Illinois, Doney came to Y-12 September 6, 1960, after working almost 10 years prior to that at the Oak Ridge National Laboratory. The Doneyes live at Route 20, Macklin Lane, Knoxville.

In 1962 Doney received the Hewitt Wilson award from the American Ceramic Society for outstanding contributions to the field of ceramics for that year.

Louis M. Doney

World Traveler Broadens Scope

Up in Cashier and Travel, that old world-traveler is at it again! T. A. Williams embarked last Sunday, June 9, on a tour that will take him to the blue waters of the Aegean off the shores of Greece.

In a dream vacation package, T. A. will visit first in Athens, Greece (he was due there this past Monday).

Other ports-of-call in the Cradle of Democracy will take him to Delphi, Olympia, Sparta, Nauplia, Piraeus, as well as a tour of the Greek Islands.

He will also visit Turkey, Austria, and Italy for a couple of days each . . . then will spend the Independence Day holidays in London. July 5, he flies to Paris, then home again.

He was hoping to be invited to the United States Embassy in London for July Fourth celebrations. (He says the simple way to get Embassy invitations is to write your congressman or senator before your travel plans are jelled.)

T. A.'s fabled trip, which includes a stop at Naples on the way back, includes tours of Capri, the Blue Grotto there, and the ruins at Pompeii. All in all, it sounds like quite a trip!

Ride wanted from Cambridge Hall, Oak Ridge, to North or East Portal, straight day. W. D. Grobman, plant phone 7-8879.

Ride wanted from Hillside and Highland section, Oak Ridge, to Central or North Portal, straight day. Walter Turner, plant phone 7373.

Three riders wanted from Harriman to North, Central, West or Bear Creek Portals, straight day. R. W. Curtis, plant phone 7-8465, home phone Harriman 882-2949.

Ride wanted or will join car pool from West Hills Park, Francis Road, Knoxville, to North Portal or Central Portal, straight day. Jake Chance, plant phone 7-8989, home phone Knoxville 584-2228.

Riders wanted from Norwood, West Haven, Cumberland Estates, etc., to Central Portal, straight day. J. F. Vance, plant phone 7515, home phone Knoxville 689-4695.

TWO MORE BIG TEAMS in the Slo Pitch League line up for smiling photographs at a recent night's action. At left is the B Shifter team with a one won, lost one record. From left, sitting, are B. E. Rowland, Manager Leon Hensley, B. D. Cofer, R. E. Gibson, Clinton Martin, E. J. Roberts and John B. Peters. Sitting on the fence (but

not astride it) from left are R. W. Fields, Jack Williams, Earl Hinton, Bob Lowery, Assistant Manager J. D. Collins, Curt Money-maker and Jim Roberts. The fine team at the right call themselves the E Wingers. In the front row, from left, are Ed Sise, Sam West, Manager Bob Hagood, Joey Daws, Bill Sise, Buddy Overton, and Assistant Manager

W. B. Stephens. In the top row are George Hyatt, B. W. Dean, C. G. Gaylor, D. W. Daws, Fred Hardin, and Don Forrester. Rains again slowed the Slo Pitchers last week, but a few games were worked in between showers. The E Wingers boast a three won, no loss record thus far . . . the best in the league.

Congratulations to the following Y-12ers who will observe anniversaries with Union Carbide within the next few days.

20 YEARS
Francis Del Bender, Shift Superintendents, June 16.

15 YEARS
Obie Young, General Machine Shop, June 14.

Hugh Breazeale Jr., Beta Two, June 15.

Earl E. Breazeale, Product Processing, June 15.

Hoyt O. Seivers, Alpha Five Cascade Operations, June 15.

Paul I. Tinnel, Chemical Engineering Development, June 15.

Alamander C. Cook Jr., Chemical Department, June 15.

Arnold L. Phillips, Chemical Department, June 15.

Charles A. Stout Jr., Area Five Maintenance, June 15.

Charlie F. Jarvis, Assembly Operations, June 15.

By the time a man gets in shape to buy his wife beautiful clothes . . . she isn't!

Red Archers Move To Tie With Whites

C. E. Miller, on the Red Team, took his fellow archers along to a tie for first place . . . with his handicap total score of 289.226, as the Carbide Archery League fired its fifth round.

Bill Bardill, White, scored a 220 total scratch score. The Black team had high handicap ratings with 574.931, and the White team took scratch honors with 402.

League standings follow:

Team	H'cap	Points
White	8	8
Red	8	8
Black	7	5
Gold	5	5
Blue	2	2

Martin Leads Pistol League In New Firing

The third match in the 22 calibre Pistol League took place Tuesday, June 4. G. W. Martin led scratch firers with an average score of 259.75. His high was followed by newcomer H. N. Benninghoff, who fired a 259.

High handicap shooter was T. E. Hudson, whose total handicap tally came to 289.365.

The second match also featured Martin leading the field with 259.5 in the scratch round. V. D. Holt's 287.223 handicap score was tops in that division.

Three Teams Tied For Par-Tee Lead

Miniature Golfers Really Get Started

Three teams clung to their first place slot in the Y-12 Par Tee miniature golf League last week. The full three points were taken by Beckett-Rutherford as they marched over Newby-Stansell for a total of 20 strokes. Jim Beckett aced holes four, seven, eight and 18. Rutherford did likewise on 18, as did Virginia Newby. Newby also took a two stroke double eagle on the difficult six-par 15 hole.

Akers-Sinclair dropped one-half point to Lucy Parker and Gene Boyd (who subbed for Jeanne Cothron). The volcano hole number four saw Boyd Akers and Sinclair all take aces and Akers also racked one up on 12.

R. Cantrell-Young took two and one-half points from Boswell-Isham . . . tying in strokes on the back nine. Jim Young had the only aces, taking two . . . one on hole five and one on 18.

The G. Cantrell-Brown combination took two points from Collins-Stinnett, as they took the first nine strong, dropped the back nine, but came out total strokes low. Collins won an ace on the final hole.

League standings follow:

Team	W	L
Beckett-Rutherford	5 1/2	1 1/2
Sinclair-Akers	5 1/2	1 1/2
R. Cantrell-Young	5 1/2	1 1/2
G. Cantrell-Brown	5	1
Collins-Stinnett	4 1/2	1 1/2
Boswell-Isham	1 1/2	5 1/2
Parker-Cothron	1 1/2	5 1/2
Newby-Stansell	0	6

Last Call Goes Out For Summer Sportsmen

Summer sports enthusiasts are given their last call for the old sporting blood. Tennis players are now being registered in the Recreation Office for the summer league.

Also, husband-wives putt-putt miniature golf players are being signed right and left. There's also a "men only" miniature golf league forming. If you want in any of these activities, the day grows late. Tee offs and matches will have to be scheduled this week.

Just call Recreation at extension 7109, and "drap" your name in the pot!

Indulge yourself in the satisfaction of a good security performance.

Rebs, E Wingers Locked In 1st Slot For Slo Pitch League Lead

Three rained out games were made up last week in the Slo Pitch League, as the regularly scheduled nine ones got (you guessed it) rained out again . . . making a total of nine games now behind the scheduled!

The Wednesday, June 5, games first pitted the Peons against the Cherokees, both teams from

Y-12. The Peons took it easily 20 to 5. Roe homered for the winners, Ernie Collins had a triple. Roe, B. Grubb (2), Brown, Davis (2) all had a double or doubles for the winning team. The Cherokees saw Laurendine, Sliger, J. Blanton and Spradlin all double.

Team	R	H	E
Peons	20	19	1
Cherokees	5	12	4

Batteries: Peons: Rutherford, Collins, Davis, B. Wright and Helton. Cherokees: Stair and Laurendine.

The Cherokees also dropped their second game of the night to the Rebs, 12 to 4. The Rebs' Babb had a homer for the winning team . . . Lawhorn, Greaser, Price had doubles and Peters had three two-baggers. J. Blanton homered for the losing team . . . Jenkins and Parker doubled.

Team	R	H	E
Rebs	12	16	2
Cherokees	4	7	5

Batteries: Rebs: Lawhorn and Lewis. Cherokees: Stair and Laurendine.

The final game of Wednesday's make-up games saw a closer tilt as the Eagles trimmed the Tabs to the tune of 17 to 14. The hits were just about evenly distributed, errors likewise.

John Pridgeon had a homer. Richards, Stevens, Yaggi tripled . . . Inklebarger, Richards, Huber, Wiggington and Stallard all had doubles for the winners. Bob Coulton had a four-bagger for the losers. Bearden, Jones and Moon hit doubles.

Space Food Supply Is Future Problem

Biochemists at the Union Carbide Research Institute in Tarrytown, New York, have recently been testing several hundred different types of plants under simulated Martian atmospheres. These tests are an effort to solve a basic problem of future space flights . . . the need for a self-generating food source.

New Fishing Rodeo Opens This Saturday

Summer fishermen are reminded of the new quarterly fishing rodeo which begins Saturday, June 15 . . . and extends through midnight, September 9. Eligible species are smallmouth and largemouth bass, striped bass, walleye, sauger, crappie, trout, bream or bluegill.

A fish may be entered in the quarterly race as well as the Annual Rodeo. Annual entries do require a photograph of the catch, however. Both entry blanks have to be attested by dock operators or other reliable witnesses.

The Spring Rodeo closed Monday, June 10 . . . and all blanks had to be turned in by today, June 12.

Winners in the Spring fishing competition will be announced shortly in the pages of the Bulletin.

Taking A Trip? Then Take It Easy

Plan every trip so you won't have to force yourself or your car, says the National Safety Council. Take time to stop, stretch, rest, have a snack. You'll be more alert, more relaxed, and more comfortable. Enjoy your trip, and don't end it all worn out.

Beneficiary Important Factor On Group Insurance Certificate

Dear Mrs. Y-12,

(Or Mr. Y-12er, whichever) . . . More than a million and a half names are changed by marriage each year in the United States and Canada. If you are one of those married recently, you will probably want to change another name, too — the one appearing as the beneficiary on your Group Life Insurance certificate.

This is an important point to consider. If life insurance does not protect the right person, the main purpose of the insurance is defeated. By taking care of such changes now, the newly married person eliminates possible delay or confusion . . . later on.

Under the provisions of Group Life Insurance, any beneficiary can be named . . . and this name can be changed at any time. It's easy to do. Just drop by Benefit Plans, Room 143, Building 9704-2. Ask for a "Change of Beneficiary" form.

Other Reasons For Change

Marriage is probably the main reason for changing a beneficiary, but there are other situations of equal importance, too. Death, divorce and birth may require a change in plans from the original ones made when the insurance protection was first signed for.

The Group Insurance certificate is a valuable document. Be sure that it is kept in a safe but easily accessible place — along with other valuable papers. Make sure, too, that your beneficiary or other members of your family know where it is, so that should the unexpected happen, there will be no delay in submitting the certificate for payment of the claim.

Benefits Paid Promptly

Group Life Insurance provides protection when it's needed most. When death occurs, there are always immediate bills that must be paid. Both Union Carbide and Metropolitan Life Insurance Company, underwriter of Y-12ers' Group Insurance Plan, do everything possible to see that benefits are paid promptly. But it is up to the individual employee to have made sure that the name of the beneficiary appearing on the certificate is the desired one

to receive the benefits.

Y-12's Security Department is also interested in your wedding. A "Data Report on Spouse" form is required of all employees who are married after they are security-cleared. The forms are available from the Security Office and should be filled out in triplicate.

June Is Big Month

With June in bloom it is only natural that some Y-12ers will be returning to work after their recent marriage. While June is the most popular month for brides, it appears that March is the least probable in which to get married. Fewer marriages occur in this month than in any other.

Meanwhile, congratulations! Have a full and happy life.

If you think no two people think alike, just look over a bride's wedding presents.

6-11557

Eddie Wilson Named To NSF Workshop

To Attend Summer
Sessions At U-T

Eddie Wilson

Attending the National Science Foundation Workshop at the University of Tennessee this summer will be Eddie Wilson.

Eddie, the son of Mr. and Mrs. Clayton E. Wilson, Sunset Drive, Kingston, won the science award at Roane County High School, Kingston, which entitled him to the expense-paid workshop for the summer. He won along with Gil Gilbert, son of Mr. and Mrs. H. F. Gilbert, also of Kingston.

The young science enthusiast's father is in Y-12's Area Five Maintenance Department, in the Maintenance Division.

Playhouse Offers Summer Comedy

A handsome married couple, a tall blonde, curvy Swedish visitor with definite ideas, and a good friend of the family are the ingredients which are mixed wittily together for the Oak Ridge Playhouse's summer production, "The Marriage-Go-Round." This comedy about the trials of monogamy will open on Friday, June 14 and run through June 15, 16, 21, 22 and 23. Friday and Saturday curtains will go up at 8:20 p.m., but both Sunday performances will begin at 8 p.m.

Tickets may be purchased for the rollicking comedy at the Playhouse Box Office, Jackson Square. Playhouse memberships, seat donations, and Oak Ridge Festival tickets will also be available at the Playhouse during the next two weeks.

EARLY RETIREE WADE EDDINGTON, left, receives his first retirement check from E. E. Mauney, foreman in the Janitor's Department. Eddington retired May 31, after more than 15 years company service in Y-12. He plans to devote his full time in early retirement to the ministry.

Continued From Page 2

every trip yet, so he left here while it was raining here, hoping the rain was all raining out here! Is that clear? . . . H. E. Cornell picked Sally up after work on Friday recently and headed for Tayexas. He says they drove there and got back to God's Country (Tennessee, of course) by Monday at 3:15 p.m., and got three full night's sleep to boot. Once back home they went up to their place near Gatlinburg (remember, he runs thru the glass doors up there) for the rest of the week where they just loafed around like natural, hiked, like unnatural, etc. One of their hikes produced an interesting (but hair-raising) experience. It seems Harold's dog tangled with a rattlesnake. Harold killed the snake with a rock and cut off the rattles for a panacea. (The only thing we know that a rattlesnake can cure is slow feet!)

Visiting in Louisiana way visiting in-laws was L. Haney who also hoped to get in some fish feeding . . . J. Carter sez he doesn't have the slightest idee where he is going or what he will be doing except trying to cure his spring fever . . . S. J. Sargent and K. E. O'Kelley have "went" but folks didn't know where.

Trying out his soldier suit for two weeks is A. M. Galyon.

Charlie Ferguson transferred to Special Projects. So long, Charlie! J. C. Cate, W. D. Pruett, B. E. Jolley, L. L. Ellis and C. L. Reed are all on vacations and it's expected that they will have some tall tales to spellbind everyone with when they return.

Welcomed in from Beta Two is H. H. Crass.

L. L. Bridges was 'tick bitten' recently and had to go home. However, he came back the next day and reported a dead tick. He felt better himself, too.

F Area folks tell that G. R. Goins and R. P. Russell are ailing. Best to them . . . Rudy Payne is spending a few days in Birmingham visiting relatives . . . Ray Ayles is relaxing at home for a week . . . In his spare time he is painting and doing anything else Florence Marie thinks she needs done!

Beta Four's Heavy Machine Shop got another group racing up to the red carpet recently, namely: O. J. Okes, T. B. Rhorer, A. M. Galyon, E. J. Vickery, D. F. Hancock, J. Carter, W. S. Porter, T. T. Randolph, T. B. Reed and B. T. Burress. Galyon is taking two weeks in the Army to get himself conditioned for the group, and B. T. Burress had to vacation before he could take the crowd on.

Consumer Products Make More Than 350 Batteries

Union Carbide Consumer Products Company, a division of Union Carbide Corporation, markets over 350 different types of Eveready batteries to provide light and power. They are used for operating flashlights, radios, hearing aids, photoflash units, toys, power tools, and for many military applications. Also under the Eveready name come cases for flashlights; and lamps for automobiles, boats, aircraft, and other uses.

Brookhaven's Schroder Sets Physics Seminar

I. G. Schroder, Brookhaven National Laboratory and Columbia University, will hold the Physics Division Seminar at Oak Ridge National Laboratory this week. He will discuss "Thermal Neutron Fission of U-235 with Emission of Long Range Alpha Particles."

The ORNL seminar is set for Friday, June 14, in the East Auditorium, of the 4500 Building.

Sandra Melissa Potts

Meet Sandra Melissa Potts, age seven months. She is the daughter of Boyden and Sandra Lee Potts. Her mother is a former nurse in the Y-12 Dispensary. The Potts now live in Chattanooga.

Larry Michael Sweeden

Now, meet Larry Michael Sweeden, three months old, son of Larry Dean and Carole Sweeden of Newport, Rhode Island. His father is Electricians Mate Second Class of the U. S. Navy. Both the above children are the grand-kids of L. A. Michaels, Machine Maintenance in Beta Four . . . mighty grand kids, we would say, too!

Striking blondes seldom are seen in picket lines!

SHIFT SUPERINTENDENTS AND UTILITIES

Utilities utilizes space to tell that J. N. Cox is vacationing in Daytona Beach . . . J. S. Wilson spends his upcoming vacation baby-sitting with his new son, Gary Stewart, who was born on March 13 at Blount Memorial Hospital.

Taking a two-day trip to Louisiana to visit his son who is stationed at the Fort Polk Army post was A. H. Norman . . . T. E. Barnes spent his two-week vacation at home expecting company from California.

Condolences to the F. P. Smith family on the death of his brother.

The PSS offices passes out news that Del Bender vacationed this week, destination unknown (probably celebrating his twenty-year anniversary!) . . . Dave H-A-Double R- I, G-A-N spells Hargigan, is planning an extended trip to the West on his vacation beginning soon . . . Dick "Commodore" Brothers recently vacationed in Largo, Florida. (Wonder if Lauren Bacall still hangs around there?)

Speaking of hanging around, let's go hang our hat in K-town!
